| Primary doctor / practice | Phone / portal / notes |
| <input type="text"/>      | <input type="text"/>   |
| Specialist / practice     | Phone / portal / notes |
| <input type="text"/>      | <input type="text"/>   |
| Specialist / practice     | Phone / portal / notes |
| <input type="text"/>      | <input type="text"/>   |
| Preferred hospital        | Pharmacy name / phone  |
| <input type="text"/>      | <input type="text"/>   |

|                                                              |  |
|--------------------------------------------------------------|--|
| Medications and allergies                                    |  |
| Current medications, dose, and schedule                      |  |
|                                                              |  |
| Allergies or reactions                                       |  |
|                                                              |  |
| Medical conditions or notes emergency responders should know |  |
|                                                              |  |

|                                    |                        |
|------------------------------------|------------------------|
| Insurance and important documents  |                        |
| Medicare / insurance name          | Member ID / group info |
|                                    |                        |
| Secondary insurance                | Prescription plan      |
|                                    |                        |
| Where important documents are kept |                        |
|                                    |                        |
|                                    |                        |

|                                                |                                  |
|------------------------------------------------|----------------------------------|
| Home access and household needs                |                                  |
| Spare key / lockbox / door code                | Trusted neighbor / nearby helper |
|                                                |                                  |
| Pets or household needs during hospitalization |                                  |
|                                                |                                  |
| Backup caregiver plan                          |                                  |
|                                                |                                  |
|                                                |                                  |

## Notes for caregivers or emergency responders

Important routines, communication needs, mobility needs, memory concerns, or safety notes

Recent hospitalizations, appointments, or follow-up needs

Other notes

## Keep this information easy to find

- Keep a copy in a folder named Mom Emergency Info, Dad Care Binder, or Parent Documents.
- Share only with people your parent trusts or has authorized, when appropriate.
- Review and update after medication changes, new doctors, moves, or major health changes.
- This sheet is general information and is not medical, legal, financial, or care-management advice.
