

Home Safety Checklist for Aging Parents

Use this checklist to look room by room for common safety concerns at home. This is a starting point for organizing notes and deciding what to ask about next.

Privacy note: This checklist is for personal/family use. Parent Stay Home does not receive, save, store, or see anything written here.

Home and parent information

Quick safety scan

Safety note: If there is an immediate danger, such as a recent fall, fire risk, gas smell, unsafe electrical issue, wandering risk, or urgent medical concern, contact emergency services, the appropriate utility, or a qualified professional right away.

☐ Loose rugs, cords, clutter, or uneven flooring	☐ Poor lighting in halls, stairs, bathroom, or entryways
☐ Stairs without secure handrails or clear visibility	☐ Bathroom without grab bars, non-slip surface, or safe shower access
☐ Difficulty getting in/out of bed, chairs, shower, or home entrance	☐ Unsafe cooking, stove concerns, or forgotten burners
☐ Medication confusion, missed doses, or scattered pill bottles	☐ Smoke/CO alarms missing, expired, or not tested recently
☐ No clear emergency contact list or visible medical information	☐ No safe plan for pets, keys, or home access during an emergency

Room-by-room checklist

Mark what needs attention and write notes for the next call, repair, family discussion, or professional visit.

#	Area	What to check	Status	Notes / next step
1	Entrance / exterior	Steps, walkway, railings, lighting, ice/water hazards, door access		
2	Living areas	Rugs, cords, clutter, furniture spacing, safe paths		
3	Stairs / hallways	Handrails, lighting, clear steps, contrast, trip hazards		
4	Bathroom	Grab bars, non-slip mats, shower access, toilet height, water temperature		
5	Bedroom	Bed height, night lighting, clear path to bathroom, phone access		
6	Kitchen	Stove safety, reachable items, expired food, spills, sharp/heavy items		
7	Medication area	Current list, pill organization, duplicate bottles, missed doses, pharmacy info		
8	Emergency readiness	Smoke/CO alarms, emergency contacts, visible information sheet, spare key, phone access		

Action tracker

Professional help note: For repairs, electrical work, plumbing, ramps, stair lifts, medical equipment, medication concerns, or major home modifications, contact an appropriate qualified professional. This checklist does not replace professional advice, assessment, or inspection.
